Sub: Request for organising Ayushman Bharat Health Account opening drive.

Sir/ Madam

With reference to the subject cited above, I am writing to request your support in organizing a special drive in colleges, high schools, and higher secondary schools within your jurisdiction to raise awareness about the Ayushman Bharat Health Account under the Ayushman Bharat Digital Mission (ABDM).

As we acknowledge the transformative impact of digital healthcare in India, the Ayushman Bharat Health Account (ABHA) emerges as a pivotal element in providing individuals with a unique 14-digit identifier. This ABHA number plays a crucial role in establishing a robust and trustable identity for participants in India's digital healthcare ecosystem, which is universally recognized and accepted by healthcare providers across the nation.

Moreover, the ABHA number facilitates seamless sign-up processes for Personal Health Records (PHR) applications, including the ABDM ABHA application. This application serves as a platform for health data sharing, allowing individuals to actively participate in managing and sharing their personal health records in a secure and efficient manner.

Recognizing the significance of this initiative, I propose the organization of a special drive in educational institutions including colleges & HS schools within your block.

To ensure the success of this endeavor, I suggest entrusting Block Community Mobilisers with the responsibility of coordinating and planning the activity in collaboration with school authorities. The MPWs/ASHA Supervisors may be engaged to support the students to create the ABHA ID.

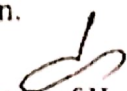

Jt. Director of Health Services-
cum- Member Secretary,
