Policy Documents On Green Campus

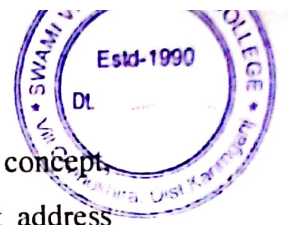

“A green campus refers to an educational institution's commitment to promote environmental sustainability and minimizing its ecological impact. Such campuses prioritize practices and initiatives that enhance environmental conservation, energy efficiency, and the overall well-being of the ecosystem. Elements of a green campus often include sustainable building designs, renewable energy sources, waste reduction and recycling programs, water conservation measures, green transportation options, and the promotion of environmental awareness among students, faculty, and staff. The goal is to create a holistic and environmentally responsible educational environment that aligns with principles of ecological balance and conservation.”

College aims and objectives regarding “Green Campus”:

- Ensuring the preservation of ecological systems and resources within the college premises.
- Striving to establish the campus as an environmentally friendly and clean space.
- Limiting vehicular access within the campus.
- Creating pedestrian-friendly pathways for the convenience of everyone.
- Implementing a ban on the use of plastic within the campus boundaries.
- Collaboratively working towards developing a sustainable and eco-friendly campus.
- Raising awareness about environmental issues among students, employees, and the local community.
- Implementing measures to decrease environmental emissions and promote sustainability.

Principal IIC
Swami Vivekananda College
P.O.Chandkhira, Dist.Karimganj

The college Principal has issued a directive to incorporate the Green Campus concept, aiming to redefine our environmental culture and establish innovative solutions that address environmental, social, and economic needs. Our goal is to engage in an ongoing process of enhancing our procedures and practices, with regular policy reviews to assess ongoing relevance and ensure compliance.
