## E-Waste and Plastic Waste Management Policy

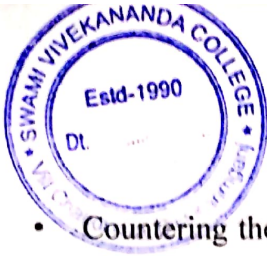

The college is dedicated to creating a green campus, and to accomplish this goal, we are actively working towards eliminating plastic items and E-Waste on the premises. Our approach involves tree planting, gardening initiatives, and efforts to minimize energy consumption. Furthermore, the college has successfully implemented an efficient waste disposal system, managing biodegradable, non-degradable, plastic waste, and e-waste effectively.

### College Policy on Plastic Items:

To make the college a plastic free campus following steps are taken by the college:

1. At the onset of each academic year, there is a program for students to familiarize them with the campus policy regarding the treatment of e-Waste.
2. To guide both visitors and students, there is a designated e-Waste collection point on campus where instructions are provided for depositing electronic waste items.
3. Electronic items such as cell phones, CDs, pen drives, chargers, UPS, CPUs, printers, and keyboards, which are damaged or no longer in use, are gathered in specific e-Waste collection bins located on the ground floor of the main building.

  
Principal I/C  
Swami Vivekananda College  
P.O. Chandkhira, Dist. Karimganj

- Countering the impacts of air pollution and dust by utilizing trees and shrubs as natural air pollutant absorbers.
- Providing essential shade on excessively hot roads during the summer.
- Moderating the effects of wind and incoming radiation.
- Promoting eco-friendly road development initiatives.
- Preserving biodiversity.
- Enhancing the quality of water and air within the campus.
